

A quick "shout out" to my college roommate and all around outstanding dude , Hank Bruns and his son Sims.

Sims is a LSU grad (like his dad) , avid golfer , and Reservoir Engineer in Houston Texas.

Sims and his buddies recently played The Straits Course (one of my faves) in Whistling Straits , Wisconsin.

From the photos it appears Sims "knows his way around the course" but we understand the course record is still in tact.

Congrats Sims , keep bombing those drives !!!
